

Longevity Impact Forum.

The DAYS Exchange is inviting you to contribute to our initiative to make successful adoption of the Longevity Impact Forum (LIF) by expert community.

About the Longevity Impact Forum

Longevity Impact Forum must become a platform to select the most promising cutting edge technologies in the field of longevity, biotech and P4 Medicine, and to form a scientific expert panel dedicated to choosing companies in those fields to be funded by the DAYS.

The purpose of the DAYS Exchange is to create an investment platform for longevity and P4 medicine services, gathering top life science experts.

Longevity Impact Forum is gathering top life science experts in disruptive biotech, longevity and digital health technologies and must become a leading platform to select the most promising cutting edge technologies in the field of longevity, biotech and P4 Medicine, and to form a scientific expert panel dedicated to make a Rating of the most promising technologies in those fields.

Final goals of Longevity Impact Forum are to create the Ranking of longevity technologies and to select the Scientific panel (top-100 life science experts). These PR-events with global impact will be supported by influencers with **combined 100 millions amount of subscribers, and 90 millions auditoriums of Forbes, The Economist, MIT Technology review, Financial Times and other media invited to disseminate the LIF messaging.**

Agenda:

The Longevity Impact Forum is planned for June 27, 2019, in Zurich, Switzerland.

The impact: unique investment system of DAYS Scientific Blockchain Panel.

DAYS contributors will elect the DAYS Scientific blockchain panel of 100 top experts, who will later propose companies for the DAYS funds to be invested in.

A general ballot of DAYS contributors (all registered users of the site: www.days.exchange) selects the best life sciences experts, in the fields related to anti-aging and longevity. And this Scientific Blockchain Panel of selected experts votes for or against different technologies and companies to be funded.

Invitation-only access to the forum:

Only contributors to www.liforum.org with the 2 stars rating are invited to Longevity Impact forum.

Register on the site to claim for your expert status!
